Scouts Full Year Programme Plan

With contributions from 1st Cathays al Huda, 304th Birmingham and 1st Waltham Forest

As-salamualaikum

Welcome to MSF's first Scouts Full Year Programme Plan! This plan has been curated by Scouts leaders from three groups who deliver amazing Scouts programmes week-in, week-out! A huge thank you to 1st Cathays al Huda, 304th Birmingham and 1st Waltham Forest for their contributions.

The four years a young person spends in Scouts can be the most memorable and character-defining time for them. Scouts are at an age when you can start implementing challenging discussions into their programme, and you can really have a positive impact on their personal, physical, and spiritual development. This year-plan provides a basic skeleton for a high-quality Scouts programme, but make sure you fill it with your wealth of experience, wisdom, and enthusiasm that make you a leader!

May Allah bless all leaders working hard to provide positive experiences for young Muslims through our Scout programmes. We ask that Allah allows us to be inspiring role models for our Scouts, and that He grants us the ability to provide an enriching and holistic experience, that ultimately brings them closer to Him and makes them active contributors to the Ummah. Ameen.
